Price: **€7.97** gross

Manufacturer: Klemp

Referention number: 6080Z10TC

Information:

Round base plate open. This tubefitting is suitable for constructions where the pipe has to run through. Suitable for the use of e.g. intermediate shelves. Another big plus of the black coating is, that the color gets into the material really deeply, which prevents the connectors from corroding too quickly. The paintwork is not resistant to UV radiation and is therefore not suitable for outdoor use. The tubefittings are equipped with black colored stainless steel adjusting screws with cutting edge.
