Information:

The freestanding wall with rotating slats is the perfect solution for dividing space in your interior. The rotating slats are made of robust 22 mm thick and 90 mm wide slats. We will adjust the length and width of the wall according to your preferences. Each slat is precision-drilled for easy installation and structural stability. The kit is ready to install and includes the appropriate screws and dowels and all the necessary elements Rotating slats allow for efficient and space-saving use with adjustable light access. This allows the appearance of the room to be adapted to current needs and gives a stylish, modern look.
