Price: **€10.23** gross

Manufacturer: Klemp

Referention number: 6090SGH-20

Information:

This unique hook storm handle is made of two strands 5 mm diameter elasticity band of high quality, which is attached to a nylon hook filled with fiberglass by means of stainless steel Torx pin. The double elasticity bands ensure that forces are evenly distributed over the storm handle during high wind loads. The carrying capacity is thereby 1 1/2 times stronger than the simple 8 mm 'Stormfix - Banner Tensioner'.
