Price: PLN65.79 gross

Manufacturer: Klemp

Referention number: 6080Z15B

Information:

Round base plate with inlay (SET). Excellently suitable as rod holder. Supplied as a set (left and right version). After you have placed the round foot plates, you can simply insert the tube. Also suitable for temporary removal of a passageway, where the tube can be removed easily and quickly. Another big plus of the black coating is, that the color gets into the material really deeply, which prevents the connectors from corroding too quickly. The paintwork is not resistant to UV radiation and is therefore not suitable for outdoor use. The tubefittings are equipped with black colored stainless steel adjusting screws with cutting edge.
