https://tubefittings.eu/en/3d-paneele-auf-filz/3041-3d-paneele-auf-filz-artisan-eiche-5904484379469.html

Price: **€23.80** gross

Manufacturer: Klemp

Referention number: LAM_LA-31_P3D_P108

Information:

Square 3D decorative acoustic panels are a smaller variation of the standard felt lamellas. The panels are made of acoustic felt and therefore have acoustic properties. You can use them to create a wooden headboard behind the bed or a modern decorative wall behind the TV. The panels are made in a square format, measuring 60 x 60 cm. You can use them to create any geometric composition on your wall! The fluted panels can be mounted on the ceiling. The installation of the panels is extremely simple and easy. Simply apply mounting glue to the panel and stick it to the wall. The felt can be cut with a knife, e.g. a wallpaper cutter.

Product features

Material	Bright MDF
Length	60 cm
Width	60 cm
Collection	Square 3D panels
Depth	24 mm
Colour	Artisan oak
Product	Slats
Colour of the backing	Black
