Price: **€9.64** gross

Manufacturer: Klemp

Referention number: 6080Z22C

Information:

Two Socket Cross. 90° joint clamp between the middle rail and an upright on railings. Another big plus of the black coating is, that the color gets into the material really deeply, which prevents the connectors from corroding too quickly. The paintwork is not resistant to UV radiation and is therefore not suitable for outdoor use. The tubefittings are equipped with black colored stainless steel adjusting screws with cutting edge.
