AC cover - customised grille

link to the product:
https://tubefittings.eu/en/air-conditioner-unit-covers/4368-ac-cover-customised-grille-5907291159996.html

Price: **€300.00** gross

Manufacturer: Klemp

Referention number: AC-COVER

Information:

Modern air conditioner and heat pump grille made of durable aluminium composite (Aludibond). The ideal combination of aesthetics, functionality and protection. The openwork design provides excellent air circulation, eliminating the risk of overheating, and effectively hides the unit, cabling and brackets. Resistance to weather, UV radiation and corrosion guarantees a long service life. Easy assembly allows installation on a wall or on-ground positioning on rubber feet. The product is available in a range of designs and colours, with the option to customise the size. It will work well as an air conditioner unit grille on the balcony, façade of a house, office or hotel.
