Price: **€53.00** gross

Manufacturer: Klemp

Referention number: MD020

Information:

The MD020 skirting board measures 200 × 19.8 × 1.9 cm and is made from PolyForce material featuring ScratchShield® technology, providing high resistance to scratches, moisture, and UV radiation. It does not swell when exposed to water and does not yellow due to sunlight. Available in two finishes: paintable (with a primed surface) and a premium version with a ready-to-use, satin SupremeSatin coating in bright white. This profile is suitable for high interiors, allowing for the concealment of gaps along walls and protecting the lower part of the wall from mechanical damage. Installation is done using mounting adhesive.
