Price: **€29.00** gross

Manufacturer: Klemp

Referention number: MD360

Information:

The MD360 skirting board is made from waterproof and UV-resistant PolyForce material, designed to cover expansion gaps and conceal cables and wires thanks to the technical space at the back of the profile. ScratchShield® technology enhances the surface's resistance to scratches and mechanical deformation. The classic profile with subtle detailing fits seamlessly into various interior design styles. It is available in a version primed for painting with water-based paints, as well as in the SupremeSatin finish and a flexible flex option for installation on uneven surfaces.

Product features
