Price: **€34.00** gross

Manufacturer: Klemp

Referention number: QL007

Information:

The QL007 skirting board is designed for a stylish finish at the junction of the floor and wall. Its profile, inspired by the shape of arrowheads, is suited to modern and avant-garde interior designs. Made from PolyForce material, it is resistant to moisture and UV radiation—meaning it won't yellow or warp over time. The ScratchShield technology further hardens the surface, enhancing scratch resistance. It is equipped for LED strip installation, with a special space for wires and LightGuard technology to ensure even light distribution. Installation is easy with mounting adhesive.
