Price: **€90.00** gross

Manufacturer: Klemp

Referention number: MD094E

Information:

The MD094E door frame is designed to protect the edges of doors and adjacent wall surfaces from scratches and impacts. Made from waterproof material, it is suitable for use in high-humidity areas such as kitchens and laundry rooms without the risk of structural degradation. The ScratchShield® technology enhances surface resistance to mechanical damage by 40% compared to standard trims, ensuring it retains its aesthetic appeal even under heavy usage. The trim measures 240 x 9.4 x 1.2 cm and comes factory-coated with a smoothing primer, making it easier to paint with water-based paints and coordinate colors with your interior. Installation does not require specialized tools.
