Price: **€94.00** gross

Manufacturer: Klemp

Referention number: MD356E

Information:

The MD356E door frame is made from PolyForce material, which offers high resistance to moisture and UV radiation, protecting it from deformation and discoloration caused by water and sunlight. The ScratchShield® technology enhances surface hardness, significantly reducing the risk of scratches and warping from heavy use in areas susceptible to mechanical damage. The profile dimensions are 240 x 11 x 1.5 cm. The product features a technical space at the back, allowing for wire concealment. Compatible with the dedicated MD356 moldings, it enables a cohesive interior finish.

Product features

Material	Flex
