Price: **€27.00** gross

Manufacturer: Klemp

Referention number: MD137

Information:

The MD137 curtain rail is designed for an aesthetic finish to curtain covers, with the option to integrate LED lighting. The profile is inspired by Roman columns. It features LightGuard® technology, which eliminates light leaks and evenly diffuses illumination. Made from PolyForce material, it is resistant to moisture and UV radiation, making it suitable for use in high-humidity environments. It can be painted immediately thanks to its factory priming. The design allows for the stylish concealment of LED strips. Installation is done using mounting adhesive.

Product features

Material	PolyForce
Length	200 cm
Width	9,6 cm
Collection	Listwy karniszowe
Depth	5,5 cm
Colour	White
Waterproof	Tak
UV Resistance	Tak
