Price: **€62.00** gross

Manufacturer: Klemp

Referention number: QL011

Information:

The QL011 curtain rail is designed for an aesthetically pleasing interior finish with the option to integrate LED lighting. Its minimalist, smooth profile features LightGuard® technology, which prevents light spots from shining through, ensuring an even distribution of light. Made from durable PolyForce polymer, it is resistant to moisture, UV radiation, and scratches—never yellowing or swelling due to humidity. It is coated with a primer layer that makes painting easier. The 200 cm length allows for easy adjustment to fit your space. Installation is done using mounting adhesive.
