Manufacturer: Klemp

Referention number: MD105

Information:

The MD105 ceiling strip is a sleek profile with a concave shape and a height of 10.8 cm, designed for installation in high and spacious interiors. The LightGuard® technology eliminates the issue of LED light leakage, providing uniform lighting without the need for additional aluminum tape. Made from PolyForce material, it offers high resistance to moisture and UV radiation, preventing yellowing, warping, and loss of aesthetic appeal. Suitable for installation in areas with elevated humidity, such as bathrooms and kitchens.
