Information:

The MD110 ceiling strip is designed for the aesthetic finishing of interiors and the installation of LED lighting. Featuring an L-shaped cross-section with decorative milling and a subtle stepped pattern, it is made from PolyForce, a material resistant to moisture and UV radiation. The LightGuard® technology ensures uniform light diffusion without any visible LED hotspots. The factory-applied primer facilitates painting and color matching. Dimensions: length 200 cm, height 8.9 cm, depth 10.6 cm. For installation, it is recommended to use construction adhesive.
