Information:

The MD156 ceiling strip is a decorative profile with a height of 11 cm and a depth of 14.5 cm, designed for installation in high rooms. Equipped with LightGuard® technology, it prevents LED light from piercing through, ensuring an even distribution of light. Made from PolyForce polymer, it is moisture-resistant and UV-proof, making it suitable for installation in kitchens, bathrooms, or laundry rooms. The coating with a smoothing primer facilitates painting and enhances the durability of the finish. Its intuitive installation allows for quick LED lighting integration, highlighting the style of your interior.
