Price: **€18.00** gross

Manufacturer: Klemp

Referention number: MD210

Information:

The MD210 ceiling strip is a concave profile with a minimalist design, intended for stylish interior finishing. Made from durable PolyForce material, it is resistant to moisture and UV radiation, allowing installation in sunlit and humid environments. The LightGuard® technology enables the use of LED strips without additional protection, eliminating the effect of point light penetration. A factory-applied primer layer makes painting and matching to your decor easier. Installation is carried out using mounting glue.

Product features

Material	PolyForce
Length	200 cm
