Price: **€23.00** gross

Manufacturer: Klemp

Referention number: MD367

Information:

The MD367 Ceiling Strip is an arched profile measuring 200 x 7.2 x 7 cm, designed for the installation of LED lighting utilizing LightGuard® technology. This technology allows for even light dispersion and eliminates hot spots through the material. Made from PolyForce, the profile is resistant to mechanical damage, water, and UV radiation, ensuring it won't warp or yellow over time. The decorative profile with milling is suitable for areas with high humidity, such as kitchens and bathrooms, as well as living rooms and bedrooms, providing a durable and aesthetically pleasing finish for ambient lighting in the ceiling zone.

Product features

Material	PolyForce
Length	200 cm
