Price: **€33.00** gross

Manufacturer: Klemp

Referention number: MD380

Information:

The MD380 ceiling strip is designed for use with LED tape, allowing for subtle interior lighting. The LightGuard® technology prevents spot lighting and ensures even diffusion. Its minimalist, curved shape allows for a smooth transition between the wall and ceiling, creating a cohesive visual effect. With a height of 6.7 cm, it perfectly complements interiors with a standard height of 270 cm. The surface is coated with a primer that facilitates painting. Made from moisture-resistant and UV-protected material, it prevents yellowing and allows installation in sunlit areas. Installation is done with mounting glue, providing stability thanks to the large adhesive surface.

Product features

Material	PolyForce
Length	200 cm
Width	6,7 cm
Collection	Listwy sufitowe
Depth	6,7 cm
Colour	White
Waterproof	Tak
UV Resistance	Tak
Finish	Matowe
Leistenmuster	Gładka
