Price: **€54.00** gross

Manufacturer: Klemp

Referention number: QL002

Information:

The QL002 Ceiling Strip is a rounded profile designed for use with LED lighting. Thanks to LightGuard® technology, the light from the strip evenly disperses across the ceiling and wall, eliminating the issue of spotty backlighting without the need for aluminum tape. Made from PolyForce material, it offers high resistance to moisture and UV radiation, making it suitable for installation in areas with elevated humidity. The strip is primed for painting, having been coated with a special primer compatible with water-based paints.

Product features

Material	PolyForce
Length	200 cm
Width	8,5 cm
Collection	Listwy sufitowe
Depth	8,5 cm
Colour	White
Waterproof	Tak
