Price: **€46.00** gross

Manufacturer: Klemp

Referention number: QL009

Information:

The QL009 Ceiling Strip is an S-shaped profile designed for aesthetic ceiling finishing and integration with LED lighting. The LightGuard® technology prevents light from penetrating the surface, effectively concealing the LED strip and ensuring even light distribution. Made from durable PolyForce polymer, it is resistant to moisture, UV radiation, and mechanical damage. It does not deform or yellow, maintaining its aesthetic appeal for many years. The factory-applied primer makes it easy to paint in any color. With dimensions of 200 x 12 x 4.7 cm, it can be used in various interior arrangements. Installation is done with mounting adhesive.

Product features

Material	PolyForce
Length	200 cm
