Manufacturer: Klemp

Referention number: QL010

Information:

The QL010 ceiling strip is a decorative element designed for hidden LED lighting. Its wave-shaped profile is made from a deformation-resistant and moisture-proof material called PolyForce. The LightGuard® technology prevents diode light bleed, ensuring an even distribution of light. UV resistance eliminates the risk of yellowing. The surface is coated with a primer, allowing it to be painted with water-based paints. Dimensions: 200 x 12 x 4.2 cm. Installation is done with mounting adhesive.
