Price: **€44.00** gross

Manufacturer: Klemp

Referention number: MDA002

Information:

The MDA002 ceiling strip is a decorative profile with an irregular shape and rich embellishments, designed to aesthetically finish the junction between the wall and ceiling. Made from lightweight and durable ProFoam material, it boasts high resistance to moisture and UV radiation, preventing discoloration and loss of color. The design of the strip allows for the hiding of wires and cables in the space left at the back. The primer coating prepares the surface for painting with water-based paints, making it easier to match your interior decor. Installation is done using construction adhesive.

Product features

Material	ProFoam
Length	200 cm
