Referention number: MDA121

Information:

The MDA121 ceiling strip features a curved profile with horizontal embellishments at the base, designed for an aesthetic finish to your ceiling. Made from lightweight and durable ProFoam material, it is resistant to moisture and UV radiation. Its construction allows for the concealment of wires and installations. The surface is coated with a primer, making painting easier. Installation using mounting glue on the top and side edges ensures a secure hold. Suitable for use in moisture-prone areas such as kitchens and bathrooms.
