Manufacturer: Klemp

Referention number: MDB127

Information:

The MDB127 ceiling strip features a gentle wave shape and is designed to finish the junction between the wall and ceiling. Made from lightweight and durable ProFoam material, it is moisture-resistant and UV-resistant – it will not swell, yellow, and will retain its original appearance for a long time. The 13 cm depth enhances the spaciousness of the interior. The back profile allows for the concealment of wires and installation elements. Stable mounting without the need for specialized tools – adhesive mounting is recommended.
