Referention number: MDB150

Information:

The MDB150 ceiling strip is a decorative profile with a height of 15 cm, perfect for high spaces. It serves both an aesthetic and lighting function when paired with LED tape. Made from ProFoam, a lightweight and durable material that is resistant to UV radiation and moisture, it can be installed in sunny and humid environments. Its subtle stepped shape makes it easy to match with various arrangements. Before installing the LED diodes, it is recommended to wrap them in aluminum foil to ensure even light distribution.
