Price: **€42.00** gross

Manufacturer: Klemp

Referention number: MDB165

Information:

The MDB165 ceiling strip is designed for the decorative finishing of the junction between walls and ceilings. The horizontal profile, featuring an enhanced size with subtle step-like embellishments, is ideal for smaller rooms with low ceilings. A specially designed cavity within the structure allows for the concealment of wiring. Made from lightweight ProFoam material, it is resistant to moisture and UV radiation—ensuring it will not yellow or swell when exposed to humidity. Finished with a primer coat, it is ready to be painted. Installation is quick and convenient thanks to the material's light weight.

Product features

Material	ProFoam
Length	200 cm
