Price: **€71.00** gross

Manufacturer: Klemp

Referention number: MDB102F

Information:

The Flex MDB102F ceiling strip is designed for use on both straight and curved surfaces. Made from flexible material, it allows for installation on arches and irregularly shaped walls or ceilings. This product serves as a cover for the junction between the ceiling and the wall, reducing the visibility of mounting gaps and minor plaster imperfections. It facilitates an aesthetically pleasing finish for residential and commercial interiors. Its flexible structure simplifies finishing work without the need for cutting or additional corner processing. Installation is done using construction adhesive.
