Referention number: MDB112F

Information:

The Flex MDB112F ceiling strip is designed for the aesthetic finishing of the junction between walls and ceilings. Its flexible structure allows it to perfectly adapt to rounded surfaces. It enables the concealment of wires, panel joints, and wall irregularities. Made from moisture-resistant material, it also withstands UV radiation and minor mechanical damage. Installation is recommended using mounting adhesive, without the need for specialized tools. Once installed, it can be painted with solvent-free paints in any color.
