Referention number: MDB135F

Information:

The Flex MDB135F ceiling strip is designed for an aesthetic finish where the wall meets the ceiling. Thanks to its flexible design, it can be installed on surfaces with non-standard shapes, such as columns or pillars. Made from moisture-resistant material that also withstands UV radiation and minor mechanical damage, it ensures durability and a consistent appearance. Installation does not require specialized tools – the strip is attached using adhesive. It is recommended to paint it with water-based paint without solvents after installation.
