The MD002 wall strip is made from PolyForce material, which offers high resistance to moisture, UV radiation, and mechanical damage. Its three-dimensional profile features a raised center with decorative grooves, providing a durable and aesthetically pleasing wall finish. The ScratchShield® technology hardens the surface, protecting it from scratches, even when in contact with sharp tools. A preliminary smoothing primer allows for easy painting with water-based paints. Dimensions of the strip: 200 × 4 × 1.8 cm – suitable for both classic and modern interiors.
