Information:

Wall strip MD010 is a square profile measuring 200 x 1.5 x 1.5 cm, made from PolyForce material. This material is resistant to UV radiation – it won't yellow or warp under prolonged exposure. The ScratchShield® technology enhances hardness and scratch resistance. Its full waterproof feature allows for installation in areas with elevated humidity. The surface is treated with a smoothing primer, preparing it for painting with water-based paints. This product is ideal for decorative wall frames and is easy to work with and install.
