Information:

The MD024 wall strip features a sleek, straightforward design with a single step. Made from waterproof PolyForce material, it is resistant to UV radiation. The ScratchShield technology enhances its resistance to scratches and mechanical damage. It can be integrated with LED strips—LightGuard technology ensures even light dispersion without any hot spots. There is a special space for hiding cables. The surface is primed and ready for painting. It is intended for installation in areas with high humidity, such as bathrooms and kitchens.
