Information:

The MD308 wall strip is a decorative profile with subtle milling designed for an elegant wall finish. Made from PolyForce material, it is resistant to moisture and UV radiation, preventing yellowing and allowing for installation in humid environments. With dimensions of 200 x 6.5 x 2.1 cm, it can be painted with water-based paints, enabling it to match your interior décor. It can be used as a standalone decorative element or combined with other strips to create striking wall compositions. Installation is done using mounting adhesive.
