Price: **€11.00** gross

Manufacturer: Klemm

Referention number: MD332

Information:

The MD332 wall strip is designed for decorative finishing of walls, ceilings, and furniture elements. This 4 cm high profile is made from high-density PolyForce polymer, which is fully resistant to water and UV radiation. The ScratchShield® technology provides a hardened surface that is resistant to scratches and impacts, making it up to 40% more durable than standard polymer strips. The product comes factory-finished with a matte primer - ready for painting without additional priming. The installation is made easier with U-shaped grooves and an increased bonding surface by 30%. Compatible with corners MDD332-11, MDD332-12, and MDD332-13.

Product features

Material	PolyForce
Length	200 cm
Width	4,1 cm
Collection	Listwy ścienne
Depth	1,7 cm
