Manufacturer: Klemp

Referention number: MD338

Information:

The MD338 wall strip is a decorative profile with a height of 8 cm, distinguished by its pronounced milling. Made from PolyForce material, it is resistant to moisture, UV radiation, and deformation. The ScratchShield® technology further strengthens the surface, increasing its resistance to scratches and impacts by 40% compared to standard models. The surface is coated with a primer that facilitates painting and customization. It can be used as a standalone decorative element or in combination with other profiles. It is also available in a Flex version, allowing it to be used on curved surfaces.
