Information:

The MDC217 Wall Strip is a decorative profile featuring a subtle floral ornament, designed for elegant wall finishing. Made from waterproof ProFoam material, it is resistant to UV radiation, preventing yellowing and cracking from prolonged exposure to light. It doesn't absorb moisture, making it suitable for high-humidity spaces such as bathrooms and kitchens. The surface of the strip is coated with a primer, facilitating painting with water-based paints. It is also available in a Flex version, designed for installation on curved surfaces.
