Price: **€38.00** gross

Manufacturer: Klemp

Referention number: MDC236

Information:

The MDC236 Wall Strip is a decorative profile featuring a central ornament and beveled edges, designed for finishing walls and ceilings. Made from ProFoam material, it is lightweight and resistant to moisture and UV radiation—meaning it won't swell, deform, or lose color when exposed to sunlight. The factory-applied primer smooths the surface and makes painting easier. It can be installed at any height on walls or ceilings, or used as a decorative element on furniture. Installation does not require specialized tools; it is recommended to use mounting adhesive for secure attachment.

Product features

Material	ProFoam
Length	200 cm
