Information:

The MDC239 wall strip is a medium-sized decorative profile, adorned with an elegant ornament in the central part. Made from lightweight and durable ProFoam material, it ensures stable installation at any height. Its resistance to moisture and UV radiation allows for use in spaces exposed to challenging conditions, such as bathrooms and kitchens. The layer of smoothing primer makes painting and matching with interior decor easier. It is also available in a Flex version, suitable for curved walls. It can be used as a decorative element for walls, ceilings, furniture, and lighting fixtures.
