Price: **€37.00** gross

Manufacturer: Klemp

Referention number: MDD305

Information:

The MDD305 wall strip is a decorative profile with medium dimensions, designed for the aesthetic finishing of interiors. Made from a lightweight and durable ProFoam material, it features resistance to moisture and UV radiation. It does not absorb water, making it suitable for areas exposed to humidity, such as kitchens and bathrooms. The resistance to sunlight prevents the material from yellowing, ensuring a long-lasting, attractive appearance. The strip comes factory-coated with a layer of primer, making it easier to paint with water-based paints.

Product features
