Manufacturer: Klemp

Referention number: MDD334

Information:

The Wall Strip MDD334 is a decorative wall profile with a milled surface that can also serve as a small shelf. Made from lightweight ProFoam material, it is resistant to moisture and UV radiation, making it suitable for use in areas exposed to water and in sun-drenched interiors. Installation with mounting adhesive ensures a stable bond to the surface. The strip comes pre-coated with a primer, making it easier to paint with water-based paints.
