Information:

The Wall Strip MDD339 is a decorative profile designed for wall installation as a standalone decorative element. Made from lightweight ProFoam material, it features high resistance to moisture and UV radiation, ensuring durability even in demanding spaces such as kitchens and bathrooms. The surface is coated with a protective layer, allowing for easy painting with water-based paints, enabling the strip to be customized for individual arrangements. Its lightweight construction ensures a stable attachment to the wall, while its dimensions (200 x 8.1 x 1.9 cm) allow for versatile use in various interiors. Installation with mounting adhesive does not require specialized tools.
