Manufacturer: Klemp

Referention number: MDD414

Information:

The MDD414 wall strip is a decorative profile with a flat, elongated shape featuring a subtle groove in the center. It is made from lightweight ProFoam material, resistant to moisture and UV radiation – it does not absorb water, swell, warp, or yellow under sunlight. Coated with a priming layer, it allows for easy painting with water-based paints. The material can be cut to fit your design needs, allowing for customization in both length and shape. Dimensions: length 200 cm, width 5.1 cm, thickness 1.1 cm. Easy installation with adhesive, without the need for specialized tools.
