Price: **€39.00** gross

Manufacturer: Klemp

Referention number: QS011

Information:

The QS011 wall strip is designed for decorative finishing in interiors and is suitable for installation in areas with high humidity. Made from durable PolyForce material, it is resistant to water and UV radiation, preventing yellowing and chipping. ScratchShield technology enhances resistance to mechanical damage. The wall strip also allows for LED lighting installation thanks to LightGuard technology, which prevents light from piercing through in spots. It is covered with a primer layer, making painting and matching to interior decor easier.

Product features

Material	PolyForce
