<https://tubefittings.eu/en/wandleisten-led/4625-wall-strip-ql019-5907291154236.html>

Price: **€30.00** gross

Manufacturer: Klemp

Referention number: QL019

Information:

The QL019 wall strip is designed for elegant interior finishes, resistant to moisture and UV radiation – it won't yellow, swell, or warp. The ScratchShield technology enhances resistance to scratches and mechanical damage. It's equipped for LED strip installation, featuring a dedicated space for wiring. The LightGuard technology ensures even light distribution. The surface is coated with a primer layer, allowing for easy painting and matching to your decor.
