Price: **€60.00** gross

Manufacturer: Klemp

Referention number: MDC250F

Information:

The MDC250F wall strip is a flexible decorative profile that allows for aesthetically masking unevenness and damage on walls, as well as visually dividing spaces. Its classic design draws inspiration from antique motifs, making it suitable for traditional and stylish interior arrangements. Thanks to its flexible properties, it conforms to surfaces with irregular shapes, such as arches or columns. Made from moisture-resistant material that also withstands UV radiation and minor mechanical damage, it is suitable for use in both residential spaces and bathrooms or commercial premises. Installation is simple, requiring only adhesive and no specialized tools. After installation, it can be painted with solvent-free paints.
