Information:

The MDC258F wall strip is a flexible ornamental element designed for installation on curved surfaces, such as columns or pillars. The profile features embossed decorations with a floral motif, making it suitable for various interior designs. It is resistant to moisture, UV radiation, and mechanical damage. The ability to trim it to the required dimensions allows for concealing wires and imperfections in the walls. Installation is straightforward with the recommended mounting adhesive, requiring no additional tools. Once installed, the strip can be painted with solvent-free paints.
