Price: **€60.00** gross

Manufacturer: Klemp

Referention number: MD338F

Information:

The MD338F wall strip is a flexible decorative profile designed for installation on both straight and curved walls, such as columns or wavy surfaces. Thanks to FLEX technology, the strip reduces the risk of cracking during bending. Made from moisture-resistant materials, it withstands UV radiation and minor mechanical damage, ensuring durability and aesthetic appeal over a long period of use. Its classic design with rich detailing makes it suitable for various interior styles, from modern to retro. It is installed using adhesive, requiring no specialized tools, and can be painted with solvent-free paints in any color after installation. Perfect for defining zones, concealing imperfections, and protecting surfaces from wear.
