Referention number: MDD345F

Information:

The MDD345F wall strip is designed for decorative wall finishes and concealing imperfections such as cracks or wires. The ornamental embossing across the entire surface allows for use in a variety of interior designs. Made from a flexible material that is resistant to moisture, UV radiation, and minor mechanical damage, it is ideal for spaces prone to water exposure, such as bathrooms and kitchens. Installation does not require specialized tools – it can be mounted using construction adhesive. After installation, the strip should be painted with a solvent-free paint.
